A selection of comments we received from our latest survey and our answers to them.

There is no library space at Lincoln.	The library space in Lincoln has moved from its previous location (now the Discharge Lounge). Due to a reduction in space books are not held at this site (but they can be collected from there). There are study areas and 10 computers available. It is located at the end of the corridor next to the Discharge Lounge (opposite entrance 11). You can access it 24/7 with a Lincoln staff badge.
The temperature in the libraries is too cold or too warm	Please let us know if you are too cold or too warm as we can let Estates know.
Can I borrow a book for longer?	We are currently reviewing the length of time for borrowing a book. We will keep you updated!
