<p><b>Understanding the bereavement process: voices of bereaved parents</b> Calderwood K et al Crisis and Loss 31 (1) 23-39</p>

**Child and Adolescent Issues**

**Using TikTok for public and youth mental health – a systematic review and content analysis**  
McCashin D, Murphy C  
Clinical Child Psychology and Psychiatry 28 (1) 279-306

**The Mood Disorder Assessment Schedule: initial validation of a new measure for early identification of bipolar spectrum disorders in inpatient adolescents**  
De Back J et al  
Journal of Psychiatric Research 158 (Feb) 63-70

**Identification of red flag child sexual grooming behaviors**  
Jeglic E et al  
Child Abuse and Neglect 136 (Feb) identification

**Which dynamics make online child sexual abuse and cyberstalking more emotionally impactful: perpetrator identity and images?**  
Finkelhor D et al  
Child Abuse and Neglect 137 (Mar) which dynamics

**Improving professional practice in the investigation and management of interfamilial child sexual abuse: qualitative analysis of serious child protection reviews**  
Garstang J et al  
Child Abuse and Neglect 137 (Mar) improving professional practice

**Dementia and Alzheimer’s Disease**

**Some of the most challenging clients are those with dementia or Alzheimer’s disease**  
Osborn K  
Massage and Bodywork 38 (1) 32-37

**Social isolation is linked to classical risk factors of Alzheimer’s disease-related dementias**  
Shafighi K et al  
PLoS ONE 18 (2) social isolation

**Pathogenesis of dementia**  
Blaszczyk J  
International Journal of Molecular Sciences 24 (1) 543-568

**Treatment of vascular and neurodegenerative forms of cognitive impairment and dementias**  
Perlett L et al  
Clinics in Geriatric Medicine 39 (1) 135-149

<b>Depression/Depressive Disorders</b>
<p><b>Global prevalence of depression in older adults: a systematic review and meta-analysis of epidemiological surveys</b>  Cai H et al  Asian Journal of Psychiatry 80 (Feb) global prevalence</p>
<p><b>Response to electroconvulsive therapy in treatment-resistant depression: nationwide observational follow-up study</b>  Nygren A et al  BJPsych Open 9 (2) e35</p>
<p><b>Delivering mental healthcare to patients with a depressive disorder alongside a life-limiting illness</b>  Hughes D et al  BJPsych Bulletin 47 (1) 43-48</p>
<p><b>Reduced grip strength potentially indicates depression: investigating multicontinental databases</b>  Oh J et al  Journal of Affective Disorders 323 (Feb) 426-434</p>
<b>Disorders</b>
<p><b>Does the gaming disorder as listed in ICD-11 include “the observers”?</b>  Balhara Y  Asian Journal of Psychiatry 80 (Feb) gaming disorder</p>
<p><b>Digital mental health interventions for obsessive compulsive and related disorders: a brief review of evidence-based interventions for future directions</b>  Hiranandani S et al  Journal of Obsessive-Compulsive &amp; Related Disorders 36 (Jan) digital mental health</p>

## Eating Disorders

### **Management of transitions to adult services for young people with eating disorders: survey of current practice in England**

Winson A et al

BJPsych Bulletin 47 (1) 17-22

### **The interplay between emotion regulation, interpersonal problems and eating symptoms in individuals with obesity: a network analysis study**

Monteleone A et al

Journal of Affective Disorders 324 (Mar) 61-67

### **Affective touch in anorexia nervosa: exploring the role of social anhedonia and lifespan experiences**

Tagini S et al

Journal of Affective Disorders 324 (Mar) 607-615

### **Predictors of relapse in eating disorders: a meta-analysis**

Sala M et al

Journal of Psychiatric Research 158 (Feb) 281-299

## Geriatric Psychiatry

### **Relationships of purpose of life with mental health among older adults: links to health and social behaviors**

Lee E

American Journal of Geriatric Psychiatry 31 (2) 94-96

### **A multi-dimensional model of fatigue in old age: implications for brain aging**

Lin F

American Journal of Geriatric Psychiatry 31 (2) 152-161

### **Reimaging research on personality, stress and cognition in depressed older adults: reflections on Steffens et al**

Duberstein P, Kozlov E

American Journal of Geriatric Psychiatry 31 (3) 180-182

## Intellectual and Learning Disabilities

### **Psychological therapies for people with intellectual disabilities: an updated systematic review and meta-analysis**

Tapp K et al

Comprehensive Psychiatry 122 (Apr) psychological therapies

<p><b>General measurement tools for assessing mental health problems among children and adolescents with an intellectual disability: a systematic review</b> Halvorsen M et al Journal of Autism and Developmental Disorders 53 (1) 132-204</p>
<p><b>Identifying and managing malnutrition in people with learning disabilities</b> Ullian K et al Learning Disability Practice 26 (1) 32-41</p>
<p><b>Our role is vital in rebuilding the lives of people with learning disabilities</b> Brown M Learning Disability Practice 26 (1) 5</p>
<p><b>Knowledge of sexual abuse and resistance ability among children with intellectual disability</b> Jojo N et al Child Abuse and Neglect 136 (Feb) knowledge of sexual abuse</p>
<p><b>LGBTQIA+</b></p>
<p><b>Sexual identity in lesbian, gay, bisexual, transgender and queer or questioning emerging adults: the role of parental rejection and sexuality specific family support</b> Taylor A et al Journal of Family Issues 44 (2) 409-428</p>
<p><b>Mental healthcare for young and adolescent LGBTQ+ individuals in the Indian subcontinent</b> Gaur P et al Frontiers in Psychology 14 (Jan) mental healthcare</p>
<p><b>Ending sexual orientation and gender identity change efforts: steps professional mental health associations can take</b> McGeorge C et al Journal of Feminist Family Therapy 35 (1) 85-105</p>
<p><b>Trauma-informed and affirmative mental health practices with LGBTQ+ clients</b> Levenson J et al Psychological Services 20 (Supp1) 134-144 (Special issue: Improving access and quality of mental health care for diverse populations)</p>
<p><b>Sexual identity fluidity, identify management stress and depression among sexual minority adolescents</b> Srivastava W et al Frontiers in Psychology 13 (Jan) sexual identity fluidity</p>
<p><b>Mindfulness/Wellbeing</b></p>

**Effects of online mindfulness-based interventions on the mental health of university students: a systematic review and meta-analysis**

Xiao-Gang G et al

Frontiers in Psychology 14 (Feb) online mindfulness

**Effects of a mindfulness and physical activity programme on anxiety, depression and stress levels in people with mental health problems in a prison: a controlled study**

Gallego J et al

Healthcare 11 (4) mental health problems in a prison

**How mindfulness, self-compassion and experiential avoidance are related to perceived stress in a sample of university students**

Martinez-Rubio D et al

PLoS One 18 (2) mindfulness

**Miscellaneous**

**A short article of local interest:**

**Mary Barkas at the Lawn Hospital – psychiatry in pictures**

*The Lincoln Lunatic Asylum, opened in 1820, was England's first purpose-built hospital for the treatment of the mentally ill. In 1885 it was renamed the Lawn Hospital for the Insane. It was famous for preventing physical restraint and isolation while providing a sympathetic environment for its patients.*

Kaplan R

BJPsych 222 (3) 150

**Sensory Integrated Mentoring and the High Intensity Network: a scheme that raises serious questions for practice and governance in UK psychiatry**

House A

BJPsych Bulletin 47 (1) 104

**A next generation approach to mental health outcomes: Treatment, time and trajectories**

*Over the last several decades, inpatient psychiatric length of stay (LOS) has been greatly reduced to the detriment of patients. Latent variable mixture modeling, can be used to improve the quality of care for patients by identifying unobserved subgroups and optimize treatment variables, including LOS.*

Montelongo M et al

Journal of Psychiatric Research 158 (Feb) 172-179

**Schizophrenia**

**Sensory gating deficits and childhood trauma in the onset of first-episode schizophrenia**

Wang L et al

Asian Journal of Psychiatry 80 (Feb) sensory gating

**The scale for the assessment of the passively received experiences (PRE) in schizophrenia and digital mental health**

Moscarelli M et al

Schizophrenia Research 251 (Jan) 91-93
<p><b>Relationship between obsessive compulsive symptomatology and severity of psychotic symptoms in schizophrenia: meta-analysis and meta-regression analysis</b>  Cunili R et al  Schizophrenia Research 251 (Jan) 37-45</p>
<p><b>Treatment engagement in first-episode schizophrenia: associations between intrinsic motivation and attendance during cognitive training and aerobic exercise program</b>  Thanh P et al  Schizophrenia Research 251 (Jan) 59-65</p>
<p><b>Self-harm and Suicide</b></p>
<p><b>Liaison psychiatry practitioners' views on accessing aftercare and psychological therapies for patients who present to hospital following self-harm: multi-site interview study</b>  Quinlivan L et al  BJPsych Open 9 (2) e34</p>
<p><b>Perspectives on reasons for suicidal behaviour and recommendations for suicide prevention in Kenya: qualitative study</b>  Ongeri L et al  BJPsych Open 9 (2) e38</p>
<p><b>Deconstructing resilience in patients at high risk for suicidal behaviour</b>  Hendricks R et al  Journal of Affective Disorders 323 (Feb) 320-326</p>
<p><b>For better or worse? The role of cognitive flexibility in the association between nonsuicidal self-injury and suicide attempt</b>  Park Y, Ammerman B  Journal of Psychiatric Research 158 (Feb) 157-164</p>
<p><b>Evaluating anhedonia as a risk factor in suicidality: a meta-analysis</b>  Gillissie E et al  Journal of Psychiatric Research 158 (Feb) 209-215</p>
<p><b>The association of family, social and romantic loneliness in relation to suicidal ideation and self-injurious behaviours</b>  McClelland H et al  Journal of Psychiatric Research 158 (Feb) 330-340</p>
<p><b>Risk profiles of suicide attempts among girls with histories of commercial sexual exploitation: a latent class analysis</b>  Meza J et al  Child Abuse and Neglect 137 (Mar) risk profiles</p>

## Sleep health/Disorders

### **Effects of Tai Chi and cognitive behavioral therapy for insomnia on improving sleep in older adults: study protocol for a non-inferiority trial**

Yu D et al

Journal of Exercise and Fitness 21 (1) 67-73

### **Benefits of adhering to sleep duration recommendations: reframing an enduring issue**

Chee M et al

Sleep Medicine 101 (Jan) 373-374

### **Symptoms of sleep disordered breathing: association with the apnea-hypopnea index and somatic arousal**

Stoohs R, Gold M

Sleep Medicine 101 (Jan) 350-356
