Abuse/Violence/Bullying
Violence and nicotine replacement therapy in a high dependency mental health unit Spiers A et al Australasian Psychiatry 33 (4) 640-644
Understanding how adolescents experience violence and its perceived impacts on mental health: a qualitative study across 13 countries Ramaiya A et al Journal of Adolescent Health 77 (3) 428-435
Exploring patterns of interpersonal violence and mental health service complexity amongst treatment-seeking children and youth in Canada King G et al Child Abuse and Neglect 167 (Sept) 107527
ADHD
Prevalence and correlates of poor safety awareness and accidental injury in ASD, ADHD, ASD+ADHD and neurotypical youth samples Pardej S et al Journal of Autism and Developmental Disorders 55 (9) 3040-3049
Adult ADHD: recognizing the hidden struggle in nursing Long T Nevada RNInformation 34 (4) 28-33

Patterns of adverse childhood experiences and psychiatric disorders among adolescents with ADHD: a latent class analysis Song J Child Psychiatry and Human Development 56 (5) 1287-1298
Selective eating and sensory sensitivity in children with ADHD: a comparative study of ARFID symptoms profiles Kasak M et al International Journal of Eating Disorders 58 (10) 1991-2002
Autism
Efficacy of physiotherapy with occupational and speech therapy for improving physical and behavioral status among children with autism spectrum disorder (ASD): an assessor blinded randomized clinical trial Haque M et al BMC Pediatrics 25 (1) 798
ASD-GraphNet: a novel graph learning approach for Autism Spectrum Disorder diagnosis using fMRI data Zeraati M et al Computers in Biology and Medicine 196 (Pt B) 110723
What is the impact of second language exposure and intellectual disability status on executive function and functional communication outcomes in children and adolescents with and without autism spectrum disorder (ASD)? Hutchison S et al Autism Research 18 (9) 1805-1816
Sleeping sound autism spectrum disorder (ASD): cost-effectiveness of a brief behavioural sleep intervention in primary school-aged autistic children Engel L et al Journal of Autism and Developmental Disorders 55 (9) 3028-3039
Gabaergic signalling in Autism Spectrum Disorders (ASD): role of glial cells and therapeutic perspectives Giniatullin R et al Brain, Behavior and Immunity 129 (Oct) 681-689
Child and Adolescent Issues
Peer victimization and non-suicidal self-injury among depressed adolescents: a moderated mediation model Xu Y et al Psychology, Health & Medicine 30 (5) 914-927

Profiles of intolerance of uncertainty among 108,540 adolescents: associations with sociodemographic variables and mental health Ye H et al Child Psychiatry & Human Development 56 (2025) 715-727
Psychiatric services for adolescents with complex mental health needs: a qualitative study of service user preferences Strom I et al Clinical Child Psychology and Psychiatry 30 (4) 832-849
Association between third places and behavioural problems among adolescents: a cross-sectional study Hosokawa R et al Child Protection and Practice 6 (2025) 100202
Complex trauma
The gendered well-being assessment: addressing trauma, complex needs & social determinants of health Ruprai D et al International Journal for Equity in Health 24 (1) 1-15
Examining the efficacy of a pilot virtual group treatment for survivors of complex trauma Kinley J et al European Journal of Trauma & Dissociation 9 (3) 100585
Skills training in affective and interpersonal regulation (STAIR) for treating complex trauma: a systematic review Amilhau A et al European Journal of Trauma & Dissociation 9 (1) 100493
<i>“My entire life has moulded the person that I am”</i>: narrations of non-suicidal self-injury and complex trauma in individuals with complex posttraumatic stress experiences Alharbi R et al Psychology and Psychotherapy 98 (3) 683-700
Dementia and Alzheimer’s Disease
The Lancet Series on Alzheimer’s Disease 1 New landscape of the diagnosis of Alzheimer’s Disease Giovanni B Frison et al Lancet 406 (10510) 1389-1407
The Lancet Series on Alzheimer’s Disease 2 Treatment for Alzheimer’s Disease Nick C Fox et al

Lancet 406 (10510) 1408-1423
The Lancet Series on Alzheimer's Disease 3 Alzheimer's disease outlook: controversies and future directions Giovanni B Frisoni Lancet 406 (10510) 1424-1442
What is Mild Cognitive Impairment (MCI)? A guide for patients, families and caregivers Heyn P et al Archives of Physical Medicine and Rehabilitation 106 (10) 1621-1625
Early Alzheimer's brainwave test Owen J Clinical Services Journal Oct 2025 early Alzheimers
Depression/Depressive Disorders
Biological rhythm and depression severity mediate the relationship between adverse childhood experiences and non-suicidal self-injury among adolescents with depressive disorder Yang F et al Scientific Reports 15 (1) 37056
Depressive and mobile phone addictions symptoms in Chinese adolescents with major depressive disorder: the mediating effect of alexithymia Tian Y et al BMC Psychiatry 25 (1) 898
Adverse events of mood monitoring and ambulatory assessment in depression and bipolar disorder: systematic review and meta-analysis Astill W et al JMIR Mental Health 12 (Oct) e79500
Disorders
Betrayal trauma, mindfulness and emotional dysregulation: associations with moral injury and posttraumatic stress disorder Mojallal M et al Traumatology 31 (2) 212-226
Adverse childhood experiences and cardiometabolic risk factors in people with bipolar disorder Turner A et al Journal of Affective Disorders 393 (Jan 26) 120270

Eating Disorders
Clinician bodies in eating disorder services: a commentary Yim S Eating Disorders 33 (3) 409-417
An exploratory examination of delay discounting in women and girls diagnosed with an eating disorder Donahue M et al Eating Disorders 33 (3) 418-430
“We went fishing in the dark”: a case report highlighting one therapeutic process in an outpatient comorbid anorexia nervosa (AN) and complex post-traumatic stress disorder (C-PTSD) treatment Rasch Moyo K et al Journal of Eating Disorders 13 (1) 1-12
Trial, error and insight: using the pilot study of the HOPE program to inform next steps for digital single-session research for eating disorders O'Dea B et al International Journal of Eating Disorders 58 (9) 1693-1696
The prevalence of eating disorders and disordered eating in adults seeking obesity treatment: a systematic review with meta-analysis Melville H et al International Journal of Eating Disorders 58 (9) 1644-1661
Forensic Psychiatry/Psychology
The lasting impact of Covid-19 on forensic mental health: a review of shifts in patient profiles, service delivery and legal considerations Ebo T et al Journal of Forensic and Legal Medicine 114 (Aug) 102920
Patient engagement in forensic mental health care: a scoping review Zhao J et al BMJ Mental Health 28 (1) patient engagement
Artificial intelligence in forensic mental health: a review of applications and implications Olawade D et al Journal of Forensic and Legal Medicine 113 (2025) 102895
The moral battleground of a prison psychiatrist Ma, Trevor Australasian Psychiatry 33 (5) 800-802

Attitudes, perceptions and workplace factors predict well-being in forensic healthcare workers caring for sex offenders

Wheeler C et al

Journal of Psychiatric & Mental Health Nursing 32 (5) 1211-1221

Intellectual or Learning Disabilities

Front line leadership in organisations for persons with intellectual and developmental disabilities: a systematic review

Leady V et al

Journal of Applied Research in Intellectual Disabilities 38 (5) e70125

A hyper-activatable CAMK2A variants associated with intellectual disability causes exaggerated long-term potentiation and learning impairments

Pan M et al

Translational Psychiatry 15 (1) 95

Understanding the effectiveness and underlying mechanisms of lifestyle modification interventions in adults with learning disabilities: a mixed-methods systematic review

Rana D et al

Health Technology Assessment 29 (4) understanding the effectiveness

Specific phobias in children with moderate to severe intellectual disabilities: SPIRIT, an adaptation and feasibility study

Kylie M Gray et al

Health Technology Assessment 28 (64) specific phobias

LGBTQ+

Measuring the prevalence and impact of adverse childhood experiences in the lives of LGBTQ individuals: a much-needed expansion

Jones M et al

Child Abuse and Neglect 168 (Oct) 106560

LGBTQ + Affirmative CBT: a hierarchical linear model of longitudinal outcomes and mechanisms of change

Craig S et al

BMC Psychology 13 (1) 1006

Self-transitioning or other-transitioning? The positive effects of LGBTQ+ college students' positive coping and perceived academic support

Ma, Chenwei et al

BMC Medical Education 25 (1) 637

Miscellaneous
The Microbiota-gut-brain connection: a new horizon in neurological and neuropsychiatric disorders Faydal M et al CNS Neuroscience & Therapeutics 31 (9) e70593
Shared genetic architecture among severe mental disorders: a system biology approach based on protein-protein interaction Guillen-Burgos H et al Brain and Behavior 15 (9) e70742
‘It is like a cross stitch ... all joined together but not making a very nice pattern’: a qualitative study of patient perspectives on physical health inequalities in severe mental illness Oswald T et al Health Expectations 28 (4) e70367
Neurodivergence
‘If I don’t have my support worker in the room ...’: a multi-perspective mixed methods study of remote daily living support for neurodivergent young adults Lothberg M et al Journal of Autism & Developmental Disorders 55 (9) 3140-3153
A good autistic life: an autistic-led conceptualization of autistic flourishing through autistic women’s-lived experiences Hedlund A et al Frontiers in Sociology 2025 a good autistic life
An annotated introductory reading list for neurodiversity Zaneva M et al Elife 2025 an annotated introduction
Professional
Psychopharmacology

Inflammatory and oxidative biological profiles in mental disorders: perspectives on diagnostics and personalized therapy Wozny-Rasala I et al International Journal of Molecular Sciences 26 (19) 9654
Persisting high rates of mental health disorders in patients in opioid agonist treatment – results from a 6-year longitudinal study Soyka M et al American Journal of Addictions 2025 persisting high rates
Modeling the efficacy of a novel antidepressant zuranolone for major depressive disorder Liu J et al Journal of Affective Disorders 392 (2026) 120158
Cost-effectiveness of pramipexole in addition to mood stabilisers for patients with treatment-resistant bipolar depression: economic evaluation of the PAX-BD randomised controlled trial Berger M et al Journal of Affective Disorders 391 (2025) 119937
Schizophrenia
Characterizing early auditory deficits in schizophrenia using drift-diffusion modelling Donde C et al Schizophrenia Research 284 (Oct) 23-31
NAV-FS: a first episode psychosis services fidelity scale adapted for the NAVIGATE model Meyer-Kalos P et al Schizophrenia Research 284 (Oct) 125-132
Sleep disturbances are associated with psychosis in schizophrenia spectrum disorders: an umbrella review Wang P et al Sleep Medicine 134 (Oct) 106690
Health, social and economic consequences of idiopathic REM Sleep Behavior Disorder: a controlled national study evaluating societal effects El-Asadi H et al Sleep Medicine 134 (Oct) 106682
Self-harm and Suicide
Editorial: Suicide in the General Hospital Ricky Burns et al British Journal of Hospital Medicine 86 (9) suicide in the general hospital

Measurement choices for youth suicidality Busby D et al Child Psychiatry & Human Development 56 (2025) 1250-1266
“A sign that I am not alone”: A grounded theory-informed qualitative study on spirituality after suicide bereavement Honore F et al Death Studies 49 (6) 766-777
Sleep health/Disorders
Association between insomnia symptoms and chronotype – a systematic review and meta-analysis Zhao Y et al Sleep Health 11 (5) 551-559
The complex association between bedtime screen use and adult sleep health Vezina-Im L et al Sleep Health 11 (5) 572-578
Substance abuse/Addiction
Can ‘justified disapproval’ be separated from addiction stigma? An empirical focus is required Morris J et al Addiction Research & Theory 33 (5) 361-370
Exploring boundaries with food, substances and people in substance use recovery: a qualitative analysis Champagne-Langabeer T et al Acta Psychologica 259 (2025) 105322
Why is substance use missing from my patient’s problem list? CTN research to advance screening, prevention and treatment of substance use in primary care McNeely J et al Journal of Substance Use and Addiction Treatment online first why is substance use missing
Therapies/OT in mental health
Mindfulness-Based Cognitive Therapy for Life (MBCT-L) versus stress reduction psychoeducation (SRP) for the improvement of mental well-being in health care and other public sector staff: protocol for the well at work randomized controlled trial Nixon E et al JMIR Mental Health 14 (2025) e67695

Video Narrative Exposure Therapy (NET) with children and young people who witnessed domestic violence: a naturalistic single case study series Rocca F et al Journal of Child and Adolescent Trauma 18 (2) 447-465
Barriers and facilitators for the practice of occupational therapy in mental health: findings from a global practitioner survey of the World Federation of Occupational Therapists Tiago S et al BMC Health Services Research 25 (1) barriers and facilitators
Amelioration of adults' mental health conditions and symptoms through spiritual energy therapy: randomized controlled trial Mahendra Kumar Trivedi et al Neuropsychopharmacology Reports 45 (3) e70050
Veterans and Mental Health
Longitudinal predictors of satisfaction with life and happiness among recently discharged combat veterans. Zerach G et al Traumatology 2025 online first longitudinal predictors
Influence of age, education and blast exposure on the Test of Memory Malinger in an active-duty military sample Malik H et al Applied Neuropsychology Adult 32 (4) 960-965
Veteran mental health emergency care utilization following SARS-CoV-2 infection Chen J et al Health Services Research 60 (5) 1-9
A retrospective study of deceased veterans with serious mental illness and heart failure: analysis of palliative care and mental health collaboration on hospice utilization Boozalis J et al General Hospital Psychiatry 96 (2025) 151-155
