Copyright

Copyright allows us to copy a maximum of two articles from any issue of a journal, unless it is a thematic issue, for any one individual. We can only copy an article once for the same person. Please check to make sure you have not asked us for the article already.

Alcohol and Substance Abuse

Effects of 12-week aerobic exercise on cue-induced craving in methamphetamine-dependant patients and the moderation effect of working memory

Chen Y et al

Mental Health and Physical Activity Vol 21 aerobic exercise

A feasibility study of a peer-facilitated physical activity intervention in methadone maintenance

Abrantes A et al

Mental Health and Physical Activity Vol 21 methadone maintenance

Effects of acute exercise on drug craving in adults with poly-substance use disorder: a randomized controlled trial

Ellingsen M et al

Mental Health and Physical Activity Vol 21 acute exercise

“You get that craving and you go for a half-hour run”: exploring the acceptability of exercise as an adjunct treatment for substance use disorder

Fagan M et al

Mental Health and Physical Activity Vol 21 you get that craving

Editorial: Extending the evidence for if and how physical activity can support positive changes among substance users

Taylor A et al

Mental Health and Physical Activity Vol 21 extending the evidence

Addressing unmet needs in opiate dependence: supporting detoxification and advances in relapse prevention

Herlinger K, Lingford-Hughes A

BJPsych Advances 27 (6) 362-372

Bereavement and grief

Valid measurement of DSM-5 persistent complex bereavement disorder and DSM-5 TR and ICD-11 prolonged grief disorder: The Traumatic Grief Inventory-Self Report Plus (TGI-SR+)

Lenferink L et al

Comprehensive Psychiatry 223 valid measurement

Childhood maltreatment, subjective social status and health disparities in bereavement

Chen M et al

Psychoneuroendocrinology Vol 135 childhood maltreatment

Child and Adolescent Issues

The complex and dynamic interplay between self-esteem, belongingness and physical activity in daily life: an experience sampling study in adolescence and young adulthood

Mazereel V et al

Mental Health and Physical Activity Vol 21 complex and dynamic interplay

Associations between physical activity, sedentary time and social-emotional functioning in young children

Abdessemed M et al

Mental Health and Physical Activity Vol 21 associations

Mental well-being and physical activity of young people experiencing homelessness before and during COVID-19 lockdown: a longitudinal study

Thomas J et al

Mental Health and Physical Activity Vol 21 mental well-being

'It's always difficult when it's family ... whereas when you're talking to a therapist ...': Parents' views of cognitive-behaviour therapy for depressed adolescents

<p>Schlimm K et al Clinical Child Psychology and Psychiatry 26 (4) 1018-1034</p>

<p>Global prevalence and burden of depressive and anxiety disorders in 204 countries and territories in 2020 due to the COVID-19 pandemic COVID-19 Mental Disorders Collaborators Lancet 398 (10312) 1700-1712</p>
<p>Prospective COVID-19 related changes in physical activity and sedentary time and associations with symptoms of depression and anxiety Rees-Punia E et al Mental Health and Physical Activity Vol 21 prospective</p>
<p>Covid-19 and suicidal behavior: a bibliometric assessment Grover S et al Asian Journal of Psychiatry Vol 65 covid-19 and suicidal behavior</p>

Bibliometric analysis of mental health during the Covid-19 pandemic

Chen Y et al

Asian Journal of Psychiatry Vol 65 bibliometric analysis

A critical look at online survey or questionnaire-based research studies during Covid-19

Singh S, Sagar Rajesh

Asian Journal of Psychiatry Vol 65 a critical look

Dementia and Alzheimer's Disease

Mirtazapine for agitation in dementia: moving forward

Krista L Lanctôt et al

Lancet 398 (10310) 1462-1463

Study of mirtazapine for agitated behaviours in dementia(SYMBAD): a randomised, double-blind, placebo-controlled trial

Sube Banerjee et al

Lancet 398 (10310) 1487-1497

Reconsidering Gold Standards for surrogate decision making for people with dementia

Wilkins, J

Psychiatric Clinics of North America 44 (4) 641-647

Depression

Adjunct yoga therapy: influence on heart rate variability in major depressive disorder – a randomized controlled trial

Gulati K et al

Asian Journal of Psychiatry Vol 65 adjunct yoga therapy

When should we intervene in adolescent depression and with whom?

Fogarty A, Mensah F

Lancet Psychiatry 8 (12) 1018-1010

The antecedents and outcomes of persistent and remitting adolescent depressive symptom trajectories: a longitudinal population-based English study

Weavers B et al

Lancet Psychiatry 8 (12) 1053-1061

Disorders
<p>Borderline personality disorder Martin Bohus et al Lancet 398 (10310) 1528-1540</p>
<p>Combining a single session of prolonged exposure with physical activity in patients with PTSD: the effect of sequence Voorendonk E et al Mental Health and Physical Activity Vol 21 PTSD</p>
<p>Moderators of treatment response to exercise in participants with stimulant use disorder: exploratory results from the Stimulant Reduction using Dosed Exercise (STRIDE)CTN-0037 study Rethorst C et al Mental Health and Physical Activity Vol 21 moderators of treatment</p>

<p>The influence of weather on the course of bipolar disorder: a systematic review Montes J et al European Journal of Psychiatry 35 (4) 261-273</p>
<p>Trapped: rigidity in psychiatric disorders Servaas M et al Lancet Psychiatry 8 (12) 1022-1024</p>
<p>A pilot study of intensive 7-day internet-based cognitive behavioral therapy for social anxiety disorder</p>

Jain N et al
Journal of Anxiety Disorders 84 a pilot study

Are people with social anxiety disorder happier alone?
Goodman F et al
Journal of Anxiety Disorders 84 social anxiety disorder

Eating Disorders

Severe and enduring Anorexia Nervosa and fertility
Westmoreland P et al
Psychiatric Clinics of North America 44 (4) 603-611

Uncovering the hidden story of male eating disorders
Peate, Ian
Independent Nurse 2021 (11) 23-26

Pediatric avoidant-restrictive food intake disorder and gastrointestinal-related somatic symptom disorders: overlap in clinical presentation
Boerner K et al
Clinical Child Psychology and Psychiatry epub pediatric avoidant-restrictive food intake

Intellectual Disabilities

A resource on domestic abuse for people with learning disabilities
Atkinson S
Nursing Times 11 (11) 45-46

LGBTQ+

Meeting the health promotion needs of the transgender population
Bains J
Nursing Times 117 (11) 31-34/

Mental Health and Physical Activity

Mental health and physical activity, yoga and other holistic movement practices (HMPs): a position statement
Taylor A et al
Mental Health and Physical Activity Vol 21 yoga

Mental health, yoga and other holistic movement practices: a relationship worth investigating

Vergeer I, Biddle S

Mental Health and Physical Activity Vol 21 yoga and other holistic

Investigation of the stress-buffering effect of physical exercise and fitness on mental and physical health outcomes in insufficiently active men: a randomized controlled trial

Klaperski S, Fuchs R

Mental Health and Physical Activity Vol 21 stress buffering

Golf as a physical activity to improve walking speed and cognition in older adults: a non-randomized, pre-post, pilot study

Kanwar K et al

Mental Health and Physical Activity Vol 21 golf

The experiences of peer-facilitators delivering a physical activity intervention for emergency service workers and their families

McKeon G et al

Mental Health and Physical Activity Vol 21 experiences of peer-facilitators

Exploring the public health potention of RED January, a social media campaign supporting physical activity in the community for mental health: a qualitative study

Wheatley C et al

Mental Health and Physical Activity Vol 21 RED January

Mindfulness/Wellbeing

The effects of a single session of mindful exercise on anxiety: a systematic review and meta-analysis

Yin J et al

Mental Health and Physical Activity Vol 21 mindful exercise

Cognitive and psychosocial effects of an acute sun salutation intervention among adults with stress

Evidence suggests that yoga can improve executive functioning (EF) and psychological well-being, but there is no evidence whether flow-based, moderate-intensity forms of yoga can deliver similar benefits. The purpose of this randomized controlled trial was to test the aforementioned effects of engaging in a 30-min, video-guided sun salutation exercise.

Phansikar M, Mullen S

Mental Health and Physical Activity Vol 22 sun salutation

Miscellaneous

The need for domination in psychopathic leadership: a clarification for the estimated high prevalence of psychopathic leaders

Palmen D et al

Aggression and Violent Behavior Vol 61 need for domination

The challenge of ensuring affordability, sustainability, consistency and adaptability in the common metrics agenda

Krause K et al

Lancet Psychiatry 8 (12) 1094-1102

World Mental Health Day: prioritise social justice, not only access to care

Soumitra Pathare et al

Lancet 398 (10314)1859-1860

Professional

Stigma, Empathy and Attitude (SEA) educational module for medical students to improve the knowledge and attitude towards persons with mental illness

Praharaj S et al

Asian Journal of Psychiatry Vol 65 stigma empathy and attitude

Schizophrenia

Examining the feasibility, acceptability, validity and reliability of physical activity, sedentary behaviour and sleep measures in people with schizophrenia

Berry A et al

Mental Health and Physical Activity Vol 21 examining the feasibility

Association between brain-derived neurotrophic factor gene variant (rs6265;C>T) and schizophrenia, its psychopathology and intelligence

Abbasian S et al

European Journal of Psychiatry 35 (4) 207-215

Self-harm and Suicide

Comparison of the factors for suicidal ideation and suicide attempt: a comprehensive examination of stress, view of life, mental health and alcohol use

Kim A et al

Asian Journal of Psychiatry Vol 65 comparison on the factors

The role of racial and ethnic disparities in understanding risks of suicide

Barnett P

Lancet Psychiatry 8 (12) 1021-1022
<p>Suicide rates by ethnic group among patients in contact with mental health services: an observational cohort study in England and Wales Hunt I et al Lancet Psychiatry 8 (12) 1083-1093</p>
Sleep disorders
<p>Investigating racing thoughts in insomnia: a neglected piece of the mood-sleep puzzle? Weiner L et al Comprehensive Psychiatry Vol 111 (Nov) racing thoughts</p>
<p>Sleep problems as a transdiagnostic hub bridging impaired attention control, generalized anxiety and depression Coussement C, Heeren A Journal of Affective Disorders 296 (Jan) 305-308</p>
<p>Are we still in the dark? A systematic review on personal daily light exposure, sleep-wake rhythm and mood in health adults from the general population Bohmer M et al Sleep Health 7 (5) 610-630</p>
<p>Predictors of diagnostically defined insomnia in child and adolescent community samples: a literature review Falch-Madsen J et al Sleep Medicine Vol 87 pp 241-249</p>
<p>Evaluating sleep quality using the CSHQ-Autism Shui A et al Sleep Medicine Vol 87 pp 69-76</p>
